

CanalPro™ Apex Locator Compact

Handy, space-saving and precise

The CanalPro Apex Locator Compact is an accurate, user-friendly, affordable apex locator suitable both for skilled endodontic experts and for general practitioners performing root canal treatments. The custom color graphic display of the CanalPro Apex helps to achieve optimal performance during determination of the working length and apex localization.

- Results in canals with dry and wet condition
- LCD display for optimal performance
- Built-in demo mode to demonstrate operation

File tracking

Mid-apical zone

Over-instrumentation

ORDER INFORMATION

VIRTUAL APEX FUNCTION

Virtual apex enables to mark a predetermined position at the required distance from the apex. When this feature is enabled, the dentist gets clear visual and audio indication that the file tip has reached the selected position near the apex. The CanalPro Apex Locator Compact provides audio feedback of file progression as a series of beeps with variable rate.

Specifications
